

Bitzer USA Inc. Compressor Operation – General Assembly Position. Bitzer US is looking for a motivated, driven and focused individual to fill a General Assembly Position. This position requires the use of hand, power, and air tools to perform various assembly operations. Bitzer is a fast paced, JIT sequenced production with dedicated workstations and measurable throughput rates. Applicants should have some type of assembly related experience preferably with mechanical or electrical products. Prior experience in a 5S based operational environment a plus. This individual must be able to lift components up to 45 lbs., and work on their feet for the entire shift. Standard Production shift schedule is Monday – Thursday 6am-5pm. Friday is only utilized when needed for maintenance activities or specialty production runs. \$13/hour. Report to 4080 Enterprise Way, Flowery Branch, GA 30542.

Bitzer USA Inc. Pressure Vessel Operation – General Fabrication Position. Bitzer US is looking for a motivated, driven and focused individual to fill a General Fabrication Position. This position requires the use of various machinery including sandblasting, plasma table, band saw, water jet, punch, plasma pipe cutter and various hand tools. Bitzer is a fast paced, JIT sequenced production with dedicated workstations and measurable throughput rates. Applicants should have a knowledge of fabricated processes and willing to learn how to use multiple fabrication machines. Experience in a fabrication atmosphere as well as a familiarity of 5S based principles is preferred. This individual must be able to lift components up to 45 lbs., and work on their feet for the entire shift. This is an entry level position with the potential to grow and develop into multiple other fabrication-based roles. Standard Production schedule is Monday – Thursday 6am-5pm. Friday is only utilized when needed for maintenance activities or specialty production runs. \$13.50/hour.

Report to 4031 Chamblee Road, Oakwood, GA 30566
